

ISOTANK DESCRIPTION

Isotanks are also known as tank containers, these units can be custom made to fit specific situations. Our logistics group is responsible to engage isotanks to deliver liquid chemicals. They are made out of stainless steel, insulated with heat pads. Rubber lined tank containers are available for long-term lease. Tank containers have a capacity of 3500 to 6600 Gallons. They can be used for in-plant storage on a chassis or intermodal transportation throughout North America and World
